Maximum Marks: 4 Marks

EMPATHY MAP

PERSONA NAME

Employee / Laptop Requester

(Role / User Type)

SAYS

- “I need a standard laptop for my work.”
- “I want my laptop request to be processed quickly.”
- “I want to know the status of my request.”

THINKS

- “Will my laptop request be approved?”
- “How long will it take to receive the laptop?”
- “Will my approved request reach the Hardware team correctly?”

DOES

- Submits a Standard Laptop request through the Service Catalog.
- Checks the request and approval status.
- Waits for the Hardware team to process the approved request.

FEELS

- Concerned about delays in receiving the laptop.
 - Uncertain when the request is pending approval.
 - Satisfied when the approved request is automatically forwarded to the Hardware team.
-

CUSTOMER NEED IDENTIFIED

The employee needs a **simple and efficient laptop procurement process** where the request can be submitted through the Service Catalog, approved through the required approval process, and automatically assigned to the **Hardware** team after approval.
